Enviro Thinner No. 8

Thinning and Cleaning Solvent

DESCRIPTION

Enviro Thinner No. 8 is a solvent for thinning and cleaning specific Envirosystems products. Always use it in accordance with the data sheet for the product being thinned or cleaned. It is not recommended as a thinner in cold or winter conditions.

AREAS OF USE

USES: Cleaning tools and surfaces used with Enviro 950 TC.

FEATURES & BENEFITS

- Formulated for use with Envirosystems products
- Effective cleaning of tools and equipment before products cure

PRODUCT INFORMATION

Packaging	4L and 20L Drums
Shelf Life	Temperature sensitive – pressure can build up in drums exposed to high temperatures for long periods. Always check product quality after prolonged storage.
Storage Conditions	Store between 10°C and 25°C, away from heat and ignition sources.
Compatible Products	Enviro 950 TC

PHYSICAL PROPERTIES

Refer to the Safety Data Sheet.

APPLICATION

Use Enviro Thinner No. 8 only as directed in the data sheet of the product being thinned or cleaned. Take care when opening drums and release any internal pressure slowly.

For applications or situations not covered above, contact Envirosystems technical support.

LIMITATIONS

- Use only with the Envirosystems products listed, as directed in their data sheets.
- Release internal pressure carefully when opening drums.
- Not recommended as a thinner in cold or winter conditions.

HEALTH & SAFETY ADVICE

Enviro Thinner No. 8 is flammable. Keep away from naked flame; in the event of fire, extinguish with CO_2. Provide adequate ventilation and wear PPE during use. Avoid breathing vapours and skin contact. If swallowed, DO NOT induce vomiting; give a glass of water and seek medical assistance. Wash skin with soap and water; if irritation occurs, seek medical advice. Refer to the Safety Data Sheet for full safety and handling procedures.

KEEP OUT OF REACH OF CHILDREN

STATEMENT OF RESPONSIBILITY

The technical information and application advice given in this publication is based on the present state of our best knowledge. As the information herein is of a general nature, no assumption can be made as to a product's suitability for a particular use or application and no warranty as to accuracy, reliability, or completeness either expressed or implied is given other than those required by Commonwealth or State Legislation. The owner, his representative or the contractor is responsible for checking the suitability of products for their intended use.

NOTE: Field service where provided does not constitute supervisory responsibility. Suggestions made by Envirosystems, either verbally or in writing may be followed, modified, or rejected by the owner, engineer, or contractor since they, and not Envirosystems, are responsible for carrying out procedures appropriate to a specific project.

NOTE: All products manufactured by Envirosystems comply with the description and properties indicated in the technical data sheet that was current at the date of manufacture.
