ENVIRO ULTRA TUFF

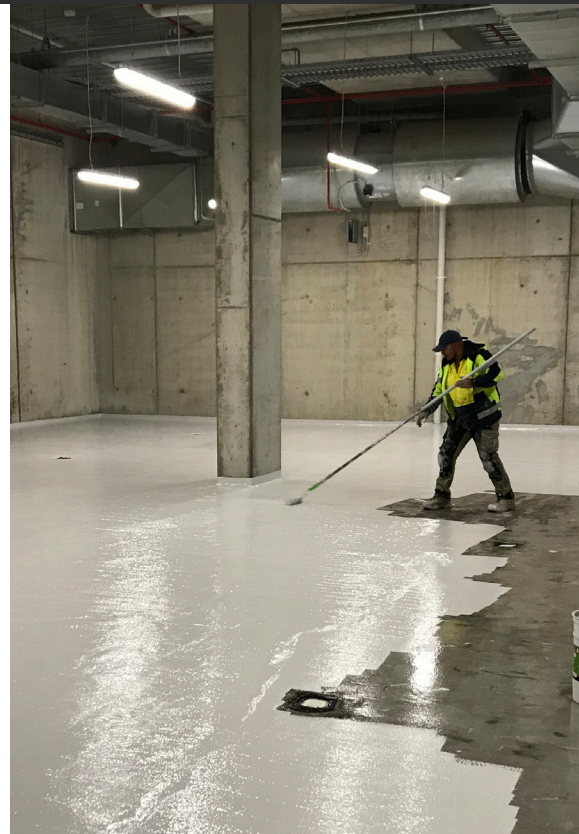

SOLVENT FREE HIGH CHEMICAL RESISTANT EPOXY SYSTEM

Enviro Ultra Tuff is the latest innovation in the EnviroSystems Epoxy Range. It is a solvent free, 100% solids, high chemical resistant system that is unique when compared to other conventional epoxies in that it combines the advantages of a solvent free system with novolac chemistry.

KEY BENEFITS

- ✓ Higher coverage rate when compared to Enviro Epoxy RC
- ✓ Environmentally responsible & free of volatile components
- ✓ Higher chemical resistance when compared to other Enviro Epoxies
- ✓ Colour pack system allows for a wide range of design possibilities
- ✓ Low odour reduces impact to trades & allows businesses to remain open during installation
