ABOUT US

ENVIROSYSTEMS IS AN AUSTRALIAN MADE & OWNED SOLUTIONS ORIENTATED CHEMICAL TECHNOLOGIST

Our mission is to minimise the use of damaging harmful solvents and chemicals used in the building industry by creating high performing environmentally sustainable products over a broad range of applications.

Since 2006, EnviroSystems has set the benchmark for quality and innovation for the production of Waterproofing systems, Adhesives, Coatings, Sealants, Flooring and Remedial solutions.

We are a proudly Australian Made and owned brand committed to the supply of the most environmentally sound products of their type. Ongoing consultation with builders, architects and engineers is provided on a collaborative basis to deliver optimum system solutions for a variety of project-specific needs.

From the Sydney Harbour Bridge, to state of the art hospitals, education facilities and tier one residential, commercial and industrial developments, our solutions are preferred by contractors operating across the full spectrum of the construction market.

With offices operating across Australia, our products are available for purchase globally with sales centres in Australia, New Zealand, the Asia Pacific and the Middle East.

We pride ourselves on our high level of quality assurance and continually demonstrate a commitment to, and support of, environmentally responsible technology.

ENVIRO 250 NS

NON-SLIP EXTERIOR TRAFFICABLE MEMBRANE

Enviro 250 NS is a water-based, UV resistant, non-slip and wear resistant coating designed for external use. As a top coat, it can provide external and internal protection of Enviro 700X, 200P Ultra and 200P EXT by improving the wear and UV resistance. It can also be applied directly as a light duty, trafficable non-slip coating to primed concrete and other surfaces. It dries quickly to form a tough flexible film that has good adhesion properties to EnviroSystems recommended products. It is easily recoated with minimal surface preparation.

FEATURES

- UV resistant, suitable for exposed applications
- Abrasion resistant to light foot traffic
- Non-slip aggregate is included, no need to broadcast
- Protective waterproof topcoat
- Fast drying

SIZES	COLOUR	COVERAGE
15L	Grey	See TDS

APPLICATIONS

- Can be used over Enviro recommended products
- Directly over suitably primed concrete, masonry and timber as a non-slip coating
- Waterproofed roof areas
- Floors
- Stairs
- Decks
