

Enviro Prime SB

Universal Fast-drying Solvent-based Primer

DESCRIPTION

Enviro Prime SB is a universal, fast-drying, single-component solvent-based primer that provides excellent adhesion for the EnviroSystems range of products.

AREAS OF USE

SURFACES: Render, concrete, blockwork, untreated fibre cement sheeting, bricks, and timber.

AREAS: Priming beneath Enviro Clad and Enviro 200P Ultra.

FEATURES & BENEFITS

- Simple to use – single component.
- Versatile, universal primer
- Suitable for a wide range of substrates
- Fast drying

PRODUCT INFORMATION

Packaging	4L and 15L Pails
Shelf Life	At least 12 months in original tightly sealed containers
Storage Conditions	Store in a dry place out of direct sunlight, between 0°C and 35°C.
Compatible Membranes	Enviro 200P Ultra
Compatible Coatings	Enviro Clad Enviro 250 NS

COVERAGE RATE

Coverage depends on substrate and condition: 5–8 m²/L.

SUBSTRATE PREPARATION

All defective host substrate must be removed prior to application, including cracked or structurally weakened surfaces and chloride-contaminated or carbonated concrete. A concrete corrosion expert must be consulted for critical projects or structural applications.

Roughen host concrete with aggregate exposed and laitance removed to a minimum CSP3 profile. All surfaces must be dry and free of dust, oils, and contaminants.

APPLICATION

Mixing: Mix thoroughly by mechanical mixer at low speed (200 rpm max).

Application: Apply one coat by brush or roller and allow to dry before applying the selected membrane or coating. On porous substrates, consider a second coat to fully seal the surface.

Overcoating: Can generally be overcoated after 1 hour, depending on weather.

For applications or situations not covered above, contact EnviroSystems technical support.

CLEANING

Clean tools and equipment before hardening with Enviro Thinner No. 1 or Enviro Thinner No. 7, or a universal cleaning solvent. Cured material can only be removed mechanically.

LIMITATIONS

- Do not apply in rain or if wet weather is imminent.
- Flammable – keep away from ignition sources.

HEALTH & SAFETY ADVICE

Enviro Prime SB is flammable. Keep away from naked flame; in the event of fire, extinguish with foam or CO₂. Provide adequate ventilation and wear PPE. Avoid breathing vapours and skin contact. If swallowed, DO NOT induce vomiting; give a glass of water and seek immediate medical advice. Wash skin contact with soap and water; if irritation occurs, seek medical advice. Refer to the Safety Data Sheet for full safety and handling procedures.

KEEP OUT OF REACH OF CHILDREN

STATEMENT OF RESPONSIBILITY

The technical information and application advice given in this publication is based on the present state of our best knowledge. As the information herein is of a general nature, no assumption can be made as to a product's suitability for a particular use or application and no warranty as to accuracy, reliability, or completeness either expressed or implied is given other than those required by Commonwealth or State Legislation. The owner, his representative or the contractor is responsible for checking the suitability of products for their intended use.

NOTE: Field service where provided does not constitute supervisory responsibility. Suggestions made by EnviroSystems, either verbally or in writing may be followed, modified, or rejected by the owner, engineer, or contractor since they, and not EnviroSystems, are responsible for carrying

Enviro Prime SB

Universal Fast-drying Solvent-based Primer

out procedures appropriate to a specific project.

NOTE: All products manufactured by EnviroSystems comply with the description and properties indicated in the technical data sheet that was current at the date of manufacture.
